PROFESSIONAL EXPERIENCE

WEB DEVELOPER

Deloitte, Bangalore, India

Feb 2023- August 2023

- Developed and maintained web applications using ASP.Net, C#, and .NET Core, ensuring scalable and secure solutions.
- Designed and optimized SQL Server queries and stored procedures for efficient data integration and backend performance.
- Collaborated with cross-functional teams in Agile sprints, contributing to planning, development, and code reviews.
- Integrated applications using Entity Framework and ensured smooth connectivity with relational databases.
- Participated in the enhancement of existing systems by adding features, resolving bugs, and maintaining technical documentation.

INTERN

September 2021-June 2022

AiRobosoft, Bangalore, India

- Designed and developed 30+ responsive web pages using React.js and Java, enhancing user engagement by 25%.
- Built secure and scalable RESTful APIs using Spring Boot, significantly improving backend performance and system reliability.
- Collaborated with cross-functional teams to troubleshoot and optimize system performance, leading to a 20% reduction in downtime.
- Conducted code reviews and performed unit testing to ensure code quality, maintainability, and adherence to best practices.
- Worked in Agile environments, actively participating in sprint planning, daily stand-ups, and retrospectives to deliver high-quality software on time.

WEB DEVELOPER INTERN

Bizinc, Atlanta, Georgia

August 2024 – Feb 2025

- Built visually engaging and highly interactive front-end modules by applying, React, Tailwind CSS, and TypeScript.
- Improved the speed of the website by 20% translating to improved user interactions and reduced bounce rates.
- Worked closely with strong UX/UI designers to fine tune the look-and-feel on web applications and improve local interface designs.
- Utilized AWS services for the backend, wherever it was necessary to deploy as well as managing front End assets to ensure scalability and logical and operational integrity of the deployment pipeline.
- Worked in Agile environment, attended daily scrum meetings, sprint planning and retrospective meetings to guarantee speedy and efficient roll out of features.

VOLUNTEERING

Engaged as a proactive volunteer at the prestigious WebRTC conference in Chicago, contributing to the event's success through dedicated involvement and support.
